12. PUBLIC RELEASE. Any information (classified or unclassified) pertaining to this contract shall not be released for public dissemination except as provided by the Industrial Security Manual or unless it has been approved for public release by appropriate Government authority. Proposed public releases shall be submitted for approval prior to release.

☐ Direct ☒ Through (Specify):

OO-ALC/PA, 7981 Georgia Street, Hill AFB UT 84056-5824  
PUBLIC RELEASE OF SCI IS NOT AUTHORIZED

to the Directorate for Freedom of Information and Security Review, Office of the Assistant Secretary of Defense (Public Affairs) for review.  
In the case of non-DoD User Agencies, requests for disclosure shall be submitted to that agency.

13. SECURITY GUIDANCE. The security classification guidance used for this classified effort is identified below. If any difficulty is encountered in applying this guidance or if any other contributing factor indicates a need for changes in this guidance, the contractor is authorized and encouraged to provide recommended changes; to challenge the guidance or the classification assigned to any information or material furnished or generated under this contract; and to submit any questions for interpretation of this guidance to the official identified below. Pending final decision, the information involved shall be handled and protected at the highest level of classification assigned or recommended. (Fill in as appropriate for the classified effort. Attach, or forward under separate correspondence, any documents/guidelines/extracts reference herein. Add additional pages as needed to provide complete guidance.)

10a. COMSEC material/information may not be released to DOD contractors without Air Force Cryptological Support Center (AFCSC) approval. Contractor must forward requests for the COMSEC material/information to the COMSEC officer through the program office. The contractor is governed by the DOD 5220.22-S COMSEC Supplement to the NISPOM in the control and protection of the COMSEC material/information. Access to COMSEC material by personnel is restricted to U.S. citizens holding final U.S. Government clearance. Such information is not releasable to personnel holding only reciprocal clearances.

10e. Work performance will occur at locations identified in Attachment 1 to this DD Form 254.

10e.(1). Contractor will require access to DCIDs 1/7 and 1/9.

10e.(2). Contractor will require AFI 14-302 (DCID 1/7) and AFI 14-303.

10g. Access to classified NATO information requires a final U.S. Government clearance at the appropriate level.

11b. Contractor will receive classified documents for reference only; however, if any classified information is generated in performance of this contract, it shall be derivatively classified and marked consistent with the source material IAW the Defense Red Switch Network Security Classification Guide, dated Jan 95. This guide is maintained by DISA.

11f. Work performance will occur at Ramstein AB Germany, Osan AB Korea, Misawa AB Japan, Yokota AB Japan, Yongsan AB Korea, CP Tango Korea, and Ottawa Canada.

11h. A COMSEC account will be established and protected IAW DOD 5220.22-S.

11i. The contractor will be required to observe the TEMPEST IAW AFR 55-16 and NACSIM 5203.

11k. DCS requested from Commander, Defense Courier Service, ATTN: Operations Division, Ft Meade MD 20755 as required.

11l. Provide the information required by AFFARS 5352.204-9000, Notification of government Security Activity Clause and AFFARS 5352.204-9001, Visitor Group Security Agreement Clause, to the Servicing Security Agency (SSA). Refer to the contract document for these clauses.

## SENSITIVE COMPARTMENTED INFORMATION (SCI)

Reference DD Form 254 Item 10e(1)

- 1 This contract required additional security requirements for Sensitive Compartmented Information (SCI) IAW DoD 5105.21-M-1 and AFMAN 14-304. The Assistant Chief for Intelligence, Headquarters United States Air Force (USAF/IN) has exclusive security responsibility for all SCI classified material released to or developed under this contract.
- 2 The following documents, with subsequent versions or changes, will be used for the specific guidance on this contract:
  - a) DoD Directive 5105.21-M-1, SCI Administrative Security Manual.
  - b) AFMAN 14-304, The Security, Use, and Dissemination of SCI.
  - c) DCID 1/7, Security Controls on the Dissemination of Intelligence Information.
  - d) DCID 1/19, Security Policy for Sensitive Compartmented Information (SCI).
  - e) DCID 1/21, Physical Security Standards for Sensitive Compartmented Information Facilities.
  - f) DIAM 50-4, Security of Compartmented Computer Operations.
  - g) Joint DoDIIS/Cryptologic SCI Information Systems Security Standards
  - h) AFI 14-304, Release of Collateral Intelligence to US Contractors and Supplements.
- 3 Inquires pertaining to classified guidance on Sensitive Compartmented Information (SCI) will be directed to the responsible Supporting SSO indicated. Any SCI or SCI derived material generated under this contract will be reviewed by the Supporting SSO for proper SCI classification prior to final publication and distribution. The responsible Special Security Office designated will provide assistance as required.
- 4 SCI data furnished to or generated by the contractor will require special security handling and controls beyond those of the NISPOM. These supplemental instructions will be furnished and/or made available to the contractor through the Contract Monitor by the User Agency SSO.
- 5 The names of contractor personnel requiring access to SCI will be submitted to the Contract Monitor for approval. Upon written approval by the Contract Monitor, forms requesting Special Background Investigations will be prepared in Accordance with NISPOM and then submitted to the Supporting SSO (OO-ALC/TICS).
- 6 The contractor will establish and maintain an access list of those employees working on the contract. A copy of this will be furnished to the Contract Monitor.
- 7 The contractor will advise the Contract Monitor immediately upon reassignment of personnel to other duties not associated with this contract.
- 8 SCI will not be released to the contractor employees without the specific consent of the Supporting Senior Intelligence Officer or the originator of the material when applicable. This approval will be obtained through the Supporting SSO (OO-ALC/TICS) based on prior approval and certification of need-to-know by the Contract Monitor. SCI documentation, or other material concerning this contract will not be discussed with, released to, any individual, subcontractor, agency (including Federal Government agencies and employees), or contractor employees not working on the contract without prior written approval from the Contract Monitor and Supporting SSO.
- 9 Any SCI released to or generated by the contractor in support of this contract remains the property of the DoD department, agency, or command that released it. The contractor will release such material to any Special Security Office personnel assigned to OO-ALC/TICS, HQ AFMC/IN, HQ USAF/IN, or DIA upon demand by such personnel. The contractor will maintain a record of all SCI material released to his custody under this contract and upon completion/cancellation of the contract, must return all such material to the Supporting SSO. This applies to all data and materials, including working papers and notes.

- 10 Contract Monitors and Contract Special Security Officers (CSSOs) will comply with all requirements in the Contract Monitors Handbook.
- 11 The contractor will not reproduce any SCI related to this contract without written permission from the Contract Monitor and Supporting SSO. When such permission has been granted, the contractor will control and account for such reproductions IAW DoD-5105-21-M-1 and AFMAN 14-304.
- 12 (ONLY USE IF A CONTRACTOR SCIF IS REQUIRED). A Sensitive Compartmented Information Facility (SCIF) will be established IAW DCID 1/21 at the contractors facility and will be maintained by the contractor. SCI material associated with this contract will be stored in approved safes and maintained only in a properly DIA accredited SCIF at the contractor or government facility. The contractor will maintain a full time CSSO at the contractor's SCIF who will be directly responsible to the Program Manager and the Supporting SSO for security.
- 13 (ONLY USE IF ELECTRONIC PROCESSING OF SCI IS REQUIRED). The contract requires electronic processing of SCI. In addition to the security provisions outlined in chapter 8 of the NISPOM, additional security provisions of DCID 1/21, AFMAN 14-304, and the Joint DoDIIS/Cryptologic SCI Information Systems Security Standards apply, and are part of this contract. The contractor's Automatic Data Processing Equipment (ADPE) must be accredited for SCI operations from DIA via the Supporting SSO prior to processing any SCI material.
- 14 The contractor will not use reference to SCI access, even by unclassified acronyms, in advertising, promotional efforts, or recruitment for employees.
- 15 Contractor must coordinate with the Supporting SSO and obtain the concurrence of the Contract Monitor prior to subcontracting any portion of the SCI efforts involved in this contract.
- 16 The contractor will comply with H 302 clause for AFB visits.

Non-Sensitive Compartmented Information (SCI)  
Reference DD Form 254 Item 10e (2)

- 1 Special Requirements Of Intelligence Information: The contractor will require access to, and receipt of, classified intelligence documents in the performance of this contract. In addition to the requirements and controls for classified material in DoD 5220.22-M, National Industrial Security Program Operating Manual (NISPOM), the contractor shall adhere to the following requirements and controls of intelligence, per AFI 14-303 and applicable supplements.
- 2 Contact OO-ALC/TICS, 6137 Wardleigh Rd., Hill AFB UT 84056-5843, the Unit IN for permission to make extra copies of intelligence data required by the contractor if approval has not previously been stipulated above or been stipulated in the release letter. The Contract Monitor (CM) then maintains accountability of copies and ensures all information is returned to the Air Force upon contract termination/expiration.
- 3 Maintain a record of all intelligence materials released to the contractor, and ensures all data is returned to the CM within 2 years after final delivery of goods and services or after completion or termination of the classified contract, whichever comes first. If retention is required beyond the 2 year period the contractor must request and receive written authority from the CM.
- 4 Contractor shall maintain accountability for all intelligence released in his/her custody. Contractors must agree that all intelligence data released to them, all reproductions, and other material generated (including authorized reproductions) is the property of the US Government and will be returned upon request of the sponsoring agency or expiration date of the contract, whichever comes first.
- 5 Contractor shall not reproduce intelligence without permission from the Unit IN (OO-ALC/TICS) through the CM. If approved, must control each copy in the same manner as the original.
- 6 Contractor shall not reproduce intelligence without advance approval from the CM, except for working papers and derivative material produced in the publication process. Working papers and derivative material produced in the publication process do not need destruction approval.
- 7 Contractor shall restrict access to those individuals with a valid need-to-know who are actually providing services under the contract. Further dissemination to other contractors, subcontractors, or other government agencies and private individuals or organizations is prohibited unless authorized in writing by the CM with prior approval of the Unit IN (OO-ALC/TICS)/contracting activity.
- 8 Contractor shall not release intelligence data to foreign nationals or immigrant aliens regardless of their security clearance or contract status without advanced written permission from the CM, Unit IN (OO-ALC/TICS), Foreign Disclosure Policy Office, and HQ AFMC/IN.

- 9 Contractor shall ensure the each employee having access to intelligence material is fully aware of the special security requirements for this material and maintains records in a manner that permits the contractor to furnish on demand the names of individuals who have access to the material in their custody.
- 10 Releasing authority of intelligence documents is HQ AFMC/IN. Any request for intelligence documents will be sent through the CM to the Unit IN (OO-ALC/TICS) designee for HQ AFMC/IN for approval.

**Emission Security (EMSEC) Requirements (Addendum to DD Form 254, Block 11i)**

**EMISSIONS SECURITY ASSESSMENT REQUEST (ESAR)  
FOR ALL CLASSIFIED SYSTEMS**

a. The contractor shall ensure that compromising emanations (EMSEC) conditions related to this contract are minimized.

b. The contractor shall provide countermeasures assessment data to the Contracting Officer (CO), in the form of an ESAR. The ESAR shall provide only specific responses to the date required in paragraph c, below. The contractor's standard security plan shall NOT be used as a "stand-alone" ESAR response. The contractor shall NOT submit a detailed facility analysis/assessment. The ESAR information will be used to complete an EMSEC Countermeasures Assessment Review of the contractor's facility to be performed by the government EMSEC authority using current Air Force EMSEC directives. EMSEC is applied on a case-by-case basis and further information may be required to complete the review. Should this be the case, the contractor shall provide this information to the contracting officer when requested. After the evaluation of the ESAR by the government EMSEC authority, additional EMSEC requirements may be established.

c. ESAR contents shall include, as a minimum, the following information (NISPOM, paragraph 11-101c) (Note: A copy of your Automated Information System Security Plan(s) (AISSP) will suffice.

(1) The specific classification and special categories of material to be processed or handled by electronic means.

(2) The percentage of information to be processed. Identify the approximate percentage for each level of information processed including unclassified.

(3) The specific location where classified processing will be performed.

(4) The name, address, title and telephone number of a point-of-contact at the facility where processing will occur.

NOTE: Once the above information has been provided to the CO, no further reporting is required for equipment reconfigurations. However, if the facility is physically relocated to another geographical location, the information requested in paragraph c above **MUST** be furnished to the CO.

d. The prime contractor shall ensure that all subcontractors and/or vendors comply with EMSEC requirements when performing classified processing related to this contract. They will provide the above documentation through their prime to the contracting officer to complete the ESAR.
